## A Time to Remember

Marlene S. Coil has been in business for more than 40 years gathering, displaying, and selling antiques, collectibles, gifts, and all sorts of interesting odds and ends. She urges people to stop by and take a look at her impressive collections and beautiful displays.

Among other things, her shop carries one-of-a-kind items – treasures that are no longer even made – but remain both beautiful and useful.

Ms. Coil's store is a great place to shop for that unusual, lovely gift for a birthday, anniversary, holiday, or just to give something special to a special someone. Free gift wrapping is provided, and a bridal registry is available. Service is friendly and helpful. Ms. Coil loves her wares and knows you will, too. Start a collection, and enjoy the hunt!

A Time to Remember also helps people identify and value antiques and other items you may have, as well as locate items you may want.

It's the best place in the area to find Depression, Elegant, and other glassware. A Time to Remember carries products from Heisey, Fostoria, Cambridge, Duncan Miller, and several other companies, as well as Fire King, China, Hall, Franciscan, Hull, Lenox, Belleek, and Shawnee. It has a large selection of Royal Doulton figurines, and Tobies, as well as Hummels, Goebels, and Red Heads. Other figurines include Charming Tails, Sonshine Promises, and Harmony Kingdom. It also has a broad selection of Fenton glass, including baskets, vases, perfume bottles, animals, and Christmas items.

The store also carries jewelry, cameos, pictures, furniture, dolls, doll house furniture, salt and pepper shakers, kitchen items, linens, and much more, including more than 100 puzzles. It is now carrying White Mountain puzzles.

The choices are terrific, with two floors of great items. Check out A Time to Remember the next time you're looking for that special gift, or just want to spend a lovely time browsing through lovely things. There's something for everyone, and you won't be disappointed by your visit. And while you're there, make sure to check out the Christmas Shop!

## Animal Kingdom

*"The busiest grooming salon in town."*

Animal Kingdom has been professionally grooming dogs and cats since 1994, and has grown from an owner-operated business to an establishment with two employees, Shonna and Ashara, and over 10,000 four-legged clients. Animal Kingdom is AKC salon certified and owner Michele Judd is also a safety certified groomer.

The grooming is done by Ms. Judd, who received her professional grooming training at Nash Academy of Animal Arts in Lexington, Kentucky.

Ms. Judd's philosophy is to provide owners with a foundation for caring for the health and grooming of their pets. Customers request the haircut they desire and then Ms. Judd works to make it easy to maintain, and comfortable for the animal. Animals are washed twice, given a conditioning treatment, fluff dried, thoroughly brushed, ears cleaned, and nails trimmed and filed. Animal Kingdom is one of the few places where an animal may be brought for nail trimming without an appointment! After the pet is groomed, the owner can shop for dog and cat supplies in the store's retail section, which stocks specialty collars, leashes, toys, treats, training aids, safety vests, sweaters, and much, much more. Animal Kingdom even has a \$15 "quicky bath" available!

Snickers Self-Service Pet Wash is a fully equipped area where customers can bathe and dry their own pets using grooming-provided supplies and equipment. Snickers even cleans up the mess!

Now powered by a small wind turbine, Animal Kingdom has gone green! Connected directly to the electrical grid, this turbine provides power not only to the business, but actually produces more electricity than Animal Kingdom uses. This is just one way Animal Kingdom is striving to reduce its carbon footprint.

Both Ms. Judd and Shonna are certified in application of temporary color and accessories to help jazz up your pet's appearance. Connect with them on Facebook — Derby Animal Kingdom — where you will frequently meet the "cutie of the day."

Animal Kingdom appreciates your patronage and thanks you for making the business successful.

## Antiques & Emporium

*Vermont Certified Precious Metals Dealer*

Antiques & Emporium, on the South Wheelock Road in Lyndonville, is always buying and selling antiques, collectibles, quality used furniture, and gold and silver. It's been in business for 17 years, and owners Paul and Lucy Steele say they will pay the highest prices for your valuables.

Mr. Steele started dealing part-time and selling at flea markets back in the 1970s. A love of antiques led him to consign at antique group shops throughout Vermont and New Hampshire. The next step involved auctions, and for six years he ran an auction service. Eventually, he concluded that he'd like to run his own antique shop, and opened Antiques & Emporium in Lyndonville in a rented facility in 2000. The business has since moved to the former Corner Medical building, originally the Lyndon Corner School, built in 1872. It was damaged by fire in 2002, but Mr. Steele has completely restored it to house his thriving business. The new location was ready for customers in 2005.

Antiques & Emporium is a group shop with motivated dealers, a huge variety, and low prices. Stop by and check out their wares; you're sure to run across a treasure or two, or simply find a practical and much-needed item at a fair price.

## Carriage House Café & Grill

In only its second year, the Carriage House Café and Grill on Water Street in Orleans already has a loyal following and owners Gary and Bonnie Poginy hope others will come and give them a try.

The Carriage House promises outstanding food for every budget, fun and friendly service, and a clean and comfortable setting. Bonnie comes from comfort food royalty here in the Kingdom. When she was younger she worked with her mother Martha Royer, the former owner of Martha's Diner.

Now, with a talented staff headed by chefs Roberto Seals and Betsy Carter, the Carriage House has taken that comfort food tradition up a notch. Bonnie uses the best ingredients she can find, locally sourced whenever possible, to craft a menu of breakfasts, entrees, and pub food that are cooked from scratch, not out of a box. Bonnie said diners from seven different states have told her that their reuben sandwich is the best they have ever had. People also enjoy their fish & chips, steak tips, and rack of lamb.

Open seven days a week for breakfast and lunch, and Wednesday through Saturday for dinner, the Carriage House offers a full bar, with beer taps coming soon. Hard to believe, but summer is just around the corner, and new this year, the Carriage House has added a covered front porch for outside seating in the summer months. Also look for their ice cream window when the weather heats up.

One of only a handful of sit down restaurants in the area, the Carriage House is a must see dining experience in Orleans County. The gang at the Carriage House Café and Grill invites you to stop by and give them a chance, and see if you don't come back for seconds.

## Jarrant's Flower Shop & Greenhouses, Inc.

Established by Tom Farrant in 1869, Farrant's Greenhouses, Inc. has the distinction of being the oldest business in the Newport area. In 1927 Harold and Elsie Jenks purchased the greenhouses, providing a seasonal fare from annual garden plants and vegetables to indoor houseplants and fresh-cut flowers and arrangements.

In 1966 Jim and Betty (Jenks) McQuillen and Peter and Lois Jenks added a flower shop in the center of Main Street, where Jim and Betty had the shop at its original location for 47 years, managed by their daughter, Kathy, who has been there over 40 years. Ironically, Tom Farrant's daughter Susan had operated a flower stand in this same location about 100 years ago! The Main Street shop was there until February 2013, when the demolition of the block was scheduled.

Farrant's is continuing to operate their flower shop and greenhouse at the original Farrant Street location (overlooking beautiful Lake Memphremagog from Farrants Point), where they continue to welcome customers with a personal touch, whether for a special family celebration such as a wedding or a more somber occasion as the loss of a loved one. They are there for your most intimate floral needs.

"Our dear husband and father, Jim, passed on in October of 2015, but his spirit lives on."

Betty and Kathy McQuillen are grateful for the loyal patronage of their many customers and say, "We wish to thank you for being part of our memorable history!" Major credit cards are accepted.

A fond memory from Main Street.

## Gosselin Water Wells

*Your local water wells company*

Gosselin Water Wells of Derby is in the business of bringing people nature's most precious gift — cool, clear, healthy water. The company offers water well drilling, geothermal wells, hydrofracking (which can improve dry or low-yield wells), water pump sales and service, water conditioning sales and service, 24-hour pump service, and a well inspection camera.

Dan Gosselin is vice president, and the company employs ten people. Gosselin Water Wells has been in business for more than 35 years and has a solid reputation. It has been a family-operated business since 1980 and has branches in Derby and Sheldon Junction, and covers most of northern Vermont and New Hampshire. Having drilled between 150 to 250 wells a year, the company has accumulated a lot of experience and knowledge on what it takes to supply customers with a system that meets their needs. Under normal conditions, a well and pump system can be installed in one day. If you are interested, a sales representative will meet with a prospective customer on site for no charge to inspect the property and advise on the well location and estimated depths. The location of the well is important because there are state rules and regulations to be met — the well must be at a distance from possible contaminants such as a septic system.

## Hayes Ford

Hayes Ford is a family affair, and always has been since it started in 1971. Mark John Hayes II, known as John, started selling cars in 1958 in Franklin County, then headed to the Northeast Kingdom to buy the dealership in February 1971 and it has been going strong ever since. Mark Hayes III and his brother, Michael, took over the business from John and remained partners for 20 years until Michael left the area. Mark Hayes III is still on the premises and still selling vehicles. He served in the Navy and went to college before joining the business and has put 43 years into it at this point.

The East Main Street building where Hayes Ford is located was built in the 1940s during World War II. Hayes Ford is the fourth dealership on the grounds. Hayes has grown and bought out neighboring properties and has about 29 full-time and 5 part-time employees. They pride themselves on being an integrated part of the community and enjoy giving back. At the time of the bailouts, Ford did not accept a federal handout, and Mr. Hayes says that has made a big difference in the way the company has been seen. The Ford and Lincoln names are good as gold and the new vehicles have a solid American look. Hayes Ford is the only Lincoln dealership in eastern Vermont north of Route 2.

Hayes Ford can take care of all of your vehicle needs in one place. They have new and pre-owned vehicles, a service department, a body shop, diesel truck shop, parts department, rental department, and a reconditioning department. They also offer Certified Pre-owned vehicles that offer many benefits, including a 12 month/12,000 mile comprehensive warranty, 7 year/100,000 mile powertrain warranty, and 24-hour roadside assistance. Hayes Ford offers hometown values in an effort to build customers for life!

## Kate's Creative Ceramic & Art Studio

Kate Dion is the owner of Kate's Creative Ceramic & Art Studio, located on Route 14 in Albany. She has been in business for over 25 years, but has been interested in art in many forms since she was a child. She has taken many classes, and has taught ceramics classes, dance, and exercise classes in her studio.

She is an artist who works with many mediums to design and create unique gift items of ceramics, leather items (hand-tooled, hand-laced, and hand-painted pieces such as purses, belts, and wallets); wood items (handmade clocks, lamps, wall hangings); jewelry (made from ceramics, beadwork, and leather); and also has a nice selection of vintage jewelry. In her ceramics shop she carries thousands of pieces of greenware and bisque ware pieces to choose from, and has thousands of ceramic molds, many one-of-a-kind, rare molds that you can no longer find. She also recently acquired 4,000 ceramic molds from Polly Heath's shop (formerly located in Newport) to add to her collection of 5,000 molds. There is no other shop in the Northeast Kingdom and northern Vermont that has the extensive collection of molds she carries. She recently added a two-story addition to her existing shop to help house them all.

Kate has taught ceramics classes in the past, and has two kilns. In the new addition she will have more room for the gift shop and space for the ceramics classes she will be teaching in the spring. She especially enjoys creating one-of-a-kind and unique specialty pieces. In addition to all the regular molds she can create hand-painted urns for loved ones ashes, and can make hand-painted tiles for walls, counters, or as an accent piece. Her newest line is of specialty-themed items for aquariums and terrariums, which she will display at Petcetera in Orleans. Basically, any specialty theme you have in mind can be created for your aquarium or terrarium. She will also be carrying Jackie Tollmann's Cornerstone Gallery wildlife and inspirational art, photography, prints, cards and magnets. The prints can be put on any ceramic piece.

If you need a unique gift for birthdays, Christmas, holidays, or just for yourself, she can create made-to-order pieces like lamps, music boxes, water fountains, wind chimes, candleholders, clocks and more, in addition to the leather pieces and jewelry. Service with a big smile, and a personal touch is what you will get when you visit Kate's shop. Watch for her open house of the expanded gift shop in the late spring.

## Kingdom Canine Center

Dog daycare is back! Play all day, sleep all night! That's the motto at Kingdom Canine Center! The first day is free to make sure it is a good fit for your dog. Dog daycare is a great way to socialize your dog with other dogs and humans. Not to mention, your dog can relax with you after a long day of work!

Kingdom Canine Center (KCC) has been open since January of 2008 and still loving it! They offer grooming with all natural shampoos and gentle grooming techniques. They work with the owners to ensure quality grooming that is maintainable and non-stressful for both the owners and their pets.

Also, did you know that you can bring in your pet anytime for a nail trim? Getting your pet's nails trimmed on a regular basis is a great way to ensure your pet's feet stay healthy for life. You can also bring your dog in for an "in between" trim. Your dog's hair growing in his eyes? Bring him in for a quick under eye trim! The possibilities are endless!

Bring your dog to KCC for overnight boarding to ensure a safe and comfortable stay. Dogs are let out first thing in the morning around 6 a.m. and again around 10 p.m. Don't worry, your dogs will get plenty of time throughout the day to stretch their legs, play with other dogs, and/or have human cuddles. The owner lives in the building, so you can rest assured knowing your pet is never alone at night.

The things you can teach with positive reinforcement training methods is endless! This is an amazing way to create a strong bond between you and your pet. Dogs that want to work for you as opposed to having to work for you turn out to be much more confident and thinking dogs. Classes are held all year-round!

Did you know KCC also sells leashes, collars, treats, and toys, all at great prices!

Feel free to stop by today and check out all the fun things Kingdom Canine Center has to offer and take a tour or just meet the staff. Knowing your pet is safe during the day will put your mind at ease. Whether it be for grooming, boarding, or daycare.

Don't forget spring is coming! That is a promise. And with spring comes agility! This is so much fun for both you and your dog and creates a new level of trust between the both of you. Not to mention it can be a confidence booster for your dog. Any dog at any age is capable of agility as long as they are physically fit. Deanna started her toy poodle (many years ago) at the age of 8! And he went on to compete until he was 15-1/2 years old. He only had to stop because he was becoming blind and deaf. You can do agility for fun or to compete, either way you won't regret it!

Please note, KCC will soon have a landline with the same phone number, but will no longer be able to receive text messages.

## Lowell Mountain Wools

Diana Foster loves knitting, and hopes you do, too. Her shop, Lowell Mountain Wools, offers everything a knitter could need — high end yarn, needles, books, patterns, notions, and instruction. The shop is full of yarn, and it's all natural, no acrylics. And Ms.

Foster is happy to work with all knitters, from beginners to experts.

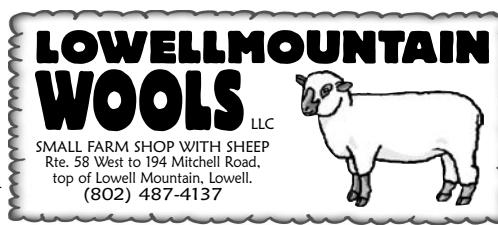

An expert knitter herself, Ms. Foster has been in the business for 12 years. In addition to having the wool shop, she designs knitwear for stores, such as Storey Publishing and 101 One Skein Wonders Books.

Her hilltop farm features sheep of her own, but her all natural yarn comes from all over the world — Scotland, Iceland, and the U.S. to name a few sources. There's been a resurgence of interest in knitting, Ms. Foster said, and people who attend her classes, or knit-ins, vary in age and talent, but all are welcome. "There are no mistakes in knitting," she said. "Just new designs." And some of the participants in her classes have demonstrated talented new designs and new ways of participating in an old skill. A favorite class is the Fair Isle knitting class, using Jamieson's Shetland from Scotland and knitting in the round using steeks, a shortcut used to knit garments like sweaters. Other popular events are the Friday and Saturday knit-ins held with local knitters at 1 p.m. Beginners to advanced knitters are welcome to attend and enjoy tea and cookies while they work. "We are addicted to helping knitters enjoy our craft," Mr. Foster said.

Every month, Lowell Mountain Wools holds a 20 percent off sale on either its yarn, notions, patterns, or books. It's the place for both longtime knitters or beginners who want to learn an old and useful skill.

How about for a league — bowling or baseball maybe? Or perhaps medals or ribbons...We build our trophies in-house so we can make any size custom trophy to fit your needs. With the addition of a laser machine this past year, our capabilities of engraving and personalizing items has expanded tremendously. We can now easily add logos to custom plaques, etch into glass, engrave name tags and make custom wooden ornaments. Our latest addition to the product line are leather items — wallets, portfolios, can cozies, flasks, and picture frames. And, of course, these are all engravable!

Is there a wedding in the future? We can help! We have photo albums, cake knives and servers, glassware, photo frames and gifts for the bridesmaids and groomsmen. And naturally, these are all available with engraving!

We accept jobs big and small, from just one individual piece to hundreds. You'll also find an extensive line of clothing - men, women, children and infants. We sell a gorgeous collection of afghan/blankets that include animals, professions, sports, and wedding along with baby blankets.

Is there a new baby on the way? Check out our line of pewter gifts — first tooth and first curl boxes, birth certificate holder, brush and comb sets, banks and much more. Plus we have bibs, onesies and crib blankets, all available with embroidery.

## Modern Furniture

*"Bringing new styles & designs to your home."*

Brothers Steve and Dwight Abbott are the owners of Modern Furniture, located in Derby and Lyndonville, Vermont, and Littleton and Woodsville, New Hampshire. They started Modern Furniture in 2003 in Newport, across from The Pick and Shovel on Coventry Street. In 2005, they purchased the former Reg's Furniture in Derby, next to McDonald's. In 2007, they purchased the former Wayside Furniture location in Lyndonville, due to them going out of business. It had been a furniture store location for more than 60 years, so they felt a need to keep it going. Due to renovations and construction of Modern Furniture in Derby, Steve and Dwight felt it would be a good time to bring the Modern Furniture name to Derby. In 2007, they changed the name from Reg's Furniture to Modern Furniture. This was the beginning of branding the Modern Furniture name in the local communities. In 2010, Steve and Dwight had an opportunity to expand into a third location in Woodsville, New Hampshire, due to another local furniture store closing. They had purchased the former Butson's Supermarket, across the river in Woodsville, New Hampshire, once again naming it Modern Furniture. In 2013, they were approached by the former Pilgrim Furniture owners to see if they were interested in expanding to the Littleton, New Hampshire market. After careful consideration, they decided to purchase the property and start a fourth Modern Furniture.

Modern Furniture is celebrating its 14th year in business this year, and Steve and Dwight would like to thank all their past, present, and future customers for their continued support and loyalty and making Modern Furniture their store to purchase furniture for their homes. One thing Steve and Dwight would like to say is that all the Modern Furniture stores are not the same, they are, in fact, different. Every area is different, bringing a variety of styles, selection, and prices to each location. Having managers in every location helps the stores operate smoothly and efficiently, ensuring the customers are their number one priority. They have recently opened The Mattress Shop in Lyndonville, Vermont, next to Modern Furniture so their customers may have a private mattress shopping experience. The Mattress Shop is open 7 days a week and sells brand name mattresses from Tempur-pedic, Beautyrest, iComfort, Simmons, Serta, and Pure Talalay Bliss. Recently, NEK-TV upgraded its studio space with state of the art equipment and a new set, new lights, and new production equipment. It also features more local programming than ever before and is about to add even more. If you would like to see what is airing on channels 15 or 17, you can visit the website at: [www.nektvonline.com](http://www.nektvonline.com).

## NEK Vapor

NEK Vapor has the only stores of their kind in the area. The Lyndonville store opened in 2014 with the mission of providing the community with the best alternatives to smoking as well as unmatched quality, service and support.

A second store opened in Newport in 2015 and a third in Littleton, New Hampshire.

Owner Dennis Steele says he was able to quit smoking, using his own products. Their 802 vapor line of custom blended e-liquids uses FDA approved food-grade flavorings and pharmaceutical grade nicotine to deliver "delicious flavor and a consistently pleasurable vapor experience."

"The 802 vapor line includes flavors designed to delight any taste," Mr. Steele says. "From fresh fruits to authentic tobacco flavors, from champagne and orange juice to freshly baked cookies — we offer dozens of flavors and are adding new creations all the time. You can also customize your experience by nicotine level."

802 vapor e-liquids are made in the U.S. and meet standards for cleanliness and quality control. NEK Vapor sells them in distinctive blue glass bottles, which are more expensive but won't alter the flavor, unlike plastic bottles. Also, glass is airtight and easily recyclable and reusable.

"We feel that it's the best way to assure your liquid has the freshest, tastiest flavor from the first to last drop," says NEK Vapor. The bottles come with a childproof cap, a glass dropper, and are sealed with a tamper resistant strip. Half-ounce and one-ounce bottles are regularly stocked, but larger sizes are available on special order. Stop by NEK Vapor in Lyndonville, Littleton, or Newport to sample some flavors at their tasting bar.

**LAKE WILLOUGHBY

Once upon a time, there was this girl and a guy. They got married and before they were about to have kids, the husband wanted to buy the pub down the road. Years went by, and the couple had and raised two beautiful daughters. Once again, after years of the girl working at one particular pub for 15 years, the question to purchase came up again. This time, the guy and the girl thought maybe now is the time, so they asked their two beautiful daughters what they thought. And that's where our story for The Gap Pub and Grill begins!

## The Parson's Corner

Are you looking for high-quality, homestyle food? The Parson's Corner in Barton serves both hearty lunches and breakfasts Wednesday through Monday. Ingredients are fresh and often locally sourced, meals are made to order, and the coffee is bracing.

Parson's Corner has daily lunch specials such as roast turkey and stuffing, hand-battered, fried fish. Chef-owner David Rath makes his own corned beef, and the pastrami for his delicious Reuben is smoked in-house.

Mr. Rath found a love for preparing food as a teenager and attended business and culinary arts school. He took over at The Parson's Corner ten months ago, and his parking lot in downtown Barton is generally full with both dedicated "regulars" and satisfied tourists.

Parson's Corner has a family setting, and its staff is both friendly and hard-working. For his part, Mr. Rath says he enjoys greeting his customers and supporting local farms.

The menu appeals to most everyone and relies heavily on good, old-fashioned, New England fare — appetizing breakfasts, hearty soups, burgers, hot and cold sandwiches, fresh salads, and favorites like fries and onion rings.

Mr. Rath looks forward to continuing to run a dependable and well-respected Barton establishment.

## VASA

VASA is the Vermont All Terrain Vehicle Sportsman's Association. VASA manages 16 local clubs throughout the state, and works together to build, maintain, and manage Vermont's statewide ATV trail system. Currently they have over 800 miles of legal trails through the state, with the majority of those trails being located within the northeast corridor of the state.

VASA is a volunteer association that was formed 15 years ago. They have four full-time staff members. VASA prides itself on landowner and government relations to expand the growing trail system, and a strong work ethic to maintain and improve existing trails. The local clubs work hard to be productive and beneficial entities within their communities, often hosting charity events and solutions to local problems such as illegal riding.

VASA prides itself on their focus and devotion to safety, and created the VEST (VASA Education and Safety Trailing) course, which is Vermont's only classroom-style youth ATV course

If you would like more information regarding VEST safety courses, VASA membership, or becoming involved with or starting a local club in your area, please visit their website at [www.vtvasa.org](http://www.vtvasa.org), or find them on Facebook for updates and more!!

## Vermont Quilters Schoolhouse

Tina de La Bruere started quilting as a hobby, but it soon turned into a passion. That passion led her to open Vermont Quilters Schoolhouse, a full service shop for quilters, either experienced or aspiring. It's also a retail store where customers can buy lovely, locally made quilted and handcrafted items, either for themselves, or as gifts. Gift certificates are available, as well.

The store, on Route 100 in Troy Village, is a fun place to visit with a comfortable atmosphere and friendly, helpful service. It also provides a wonderful space for the classes Ms. de la Bruere offers in quilting, classes for all levels of experience. Work on a project in the store if you'd like with help and companionship readily available.

For the quilter, Vermont Quilters Schoolhouse sells a wide range of beautiful fabric – hard to find these days – as well as notions and patterns. Ms. de la Bruere is always ready with information and assistance. Other services include sewing machine and lighting repair. Ms. de la Bruere's husband is a master electrician who enjoys making custom lamps and repairing lights in his spare time.

If you are a quilter, or always wanted to give that old and beautiful art a try, Vermont Quilters Schoolhouse definitely deserves a visit. Or if you're a shopper looking for something unique, check out the store's line of beautiful, locally crafted items.

## Walt's Sales & Service

In 1967 Walt and Joyce Jenness opened Walt's Sales & Service on Main Street in Derby, a business devoted to the sales and service of lawn mowers, garden tractors, four-wheelers, chainsaws, and snow machines. Today, 50 years later, Walt's Sales & Service is a thriving family business.

Walt's Sales & Service is probably best known as the local distributor, and the largest dealer in the state of Vermont, of Bombardier (BRP) Ski-doo snow machines and ATVs. They also sell CanAm BRP snow machines, ATVs, Spyders, and Sea-doo personal water crafts.

Any Ski-doo enthusiast will tell you that Walt's offers a great selection — and competitive prices — on BRP Ski-does and ATVs (plus the parts, accessories, and outerwear). And few places in Vermont provide better service and advice on snow machines and ATVs, no matter what the brand, than the staff at Walt's. Visit their new showroom!

Walt's Sales & Service also provides an outstanding array of lawn tractors, lawn mowers, trimmers, tillers, and chainsaws (they are authorized distributors for Simplicity, Toro, Husqvarna, and Echo). Not only do they have the product, they also provide the service that keeps the machinery in good repair.

Ed Jenness runs the business with his wife, Alta, and sons Scott, Tim, and Chris. Eric Smith and Robert Bean also work there. Scott, Tim, Eric, and Robert are all factory-trained service technicians.
